a. Introduction of the skill development project under ABOCWWB's

The Assam Building & Other Construction Workers' Welfare Board, Government of Assam running Skill Development Programme for Registered Construction workers of Assam Building and Other Construction Workers' Welfare Board in various districts of Assam.

Construction Workers: Workers engaged in construction, alteration, repairs, maintenance or demolition, of or, in relation to, buildings, streets, roads, railways, tramways, airfields, irrigation, drainage, embankment and navigation works, flood control works (including storm water drainage works), generation, transmission and distribution of power, water works (including channels for distribution of water), oil and gas installations, electric lines, wireless, radio, television, telephone, telegraph and overseas communications, dams, canals, reservoirs, watercourses, tunnels, bridges, viaducts, aqueducts, pipelines, towers, cooling towers, transmission towers and such—other work as may be specified in this behalf by the appropriate Government.

Board: The Commissionerate of Labour as established in the year, 1939 at Shillong. At the establishment stage, the Commissionerate was manned with the Labour Commissioner, One Head Clerk and two Lower Division Assistants. Only three Legislations, i.e. The Indian Trade Union Act, 1926. The Trade Dispute Act, 1929 and the Payment of Wages Act, 1936 was started with.

At present, the Labour Commissionerate of Assam is having altogether 130 nos. of Officers and 332 nos. of staff members, comprising both Head Office and its field offices and its prime responsibility is to implement about 26 nos. of Labour Legislations. Besides Head Office this Commissionerate has got 67 nos. of District, Sub-Division & Block Level Offices spreading all over Assam.

Scope & Scheme: The scope of ABOCWWB is constituted to impart training to the construction workers to enhance their skills with respect to the procedural guidance per the technology along with the practical aspects of various trades. The successful workers are awarded with certification which suffices them to acquire better job opportunities with improved payouts, simultaneously under this scheme a range of financial benefits extended to the Registered Workers being the member of the board.

Assessment and Certification Agency: ITRC has a vertical of Third party assessment; we are empanelled with Assam Building & Other Construction Workers' Welfare Board & Director General of Training (DGT), Ministry of Skill Development & Entrepreneurship, Govt. of India as a Third party assessment body. We are working under this vertical across India and assessing the candidates under National Council on Vocational Training (NCVT) trades in 27 sectors. The trades for which the assessments are being conducted by ITRC includes trades, viz. Agriculture, Information & Communication Technology, Beauty & Culture, Medical, Apparels, Soft Skills, Banking & Accounting, etc.

Since 2013, ITRC is working under this vertical and till March 2018 we have assessed over 50,000 candidates under various trades of NCVT. Under this vertical ITRC is having a fleet of over 130 qualified assessors who are working under various trades and conducting the assessments at various locations which are allotted by the Ministry. All the assessors are qualified through ACE examination (Assessors Competency Evolution Test). ITRC follows a rigorous procedure to regularly update upgrade and the knowledge & skills of its assessors. The assessors are regularly trained by the master assessors from the Head Office on the various assessment tools and techniques.

ITRC also has an online platform to conduct online assessments. The system developed by the ITRC Head Office confirms the highest degree of transparency and integrity in the assessment procedure. This vertical is a very important pillar of ITRC Group and we have developed some best practices in this vertical which has also been appreciated and applauded by various officials across India.

The Third party assessments which we are conducting are for various schemes like DDU-GKY, NULM, MSSDS& other State Govt. Schemes. The candidates who undergo Central Govt. Schemes or State Govt. Schemes & who have been trained under NCVT trades are assessed through third party assessing body empanelled with DGT. ITRC is one of the assessing bodies who has been conducting these third part assessments since 6 years and doing the assessment successfully.

b. Purpose of the Assessment

- To Check the Quality of Training.
- To Check the Training Centre Infrastructure.
- To Check the Quality of Trainers.
- To Check the Satisfaction Level of Trainees.
- To Check the Soft Skill of the Trainees.
- Whether the objective of the ABOCWW are being met.

p. Overall Programme Performance

- We have Checked the Tools, Equipments and Materials used for the training purpose at the training centre but we found that sufficient no of tools, materials and equipments for practicals are not available as compared to the no of Trainees in some trades.
- We have also Checked the infrastructures of the Centres as per the guidelines, and we found out that the centre doesn't have the adequate infrastructure for the Trainees.
- Trainees are aware about the schemes and the benefits from the training.
- Total no of Trainees who did not attend the Assessment were **100** which comes to **19%** of the candidates enrolled, the root cause analysis for finding out the reasons for the same was not documented and explained.
- The Overall performance of the TPs were satisfactory as per our observations during the course of Assessment though there is lot of scope for improvement.

During Assessment of **1stth Batch (under Phase II)** at **Kharupetia and Mangalda**, we have successfully assessed **425** trainees out of **525** allotted target on the given time slot.

Assessment includes Theory, Practical & Viva. Out of **425** trainees, **21** trainees got **A+** grade, **157** trainees got **A** grade, **155** trainees got **B+** grade, **80** trainees got **B** and **12** trainees got **C** grade.

100 trainees successfully completed training and assessment and these are eligible for certification which is to be provided by us.
